

# Valentine's Anchor Chart

TWO  
OPTIONS

Hi! Thanks for downloading. I hope this brings you joy in your classroom.

## Idea to create:

If you have a digital board in your classroom, display and then trace this onto chart paper. Remember, it doesn't have to be perfect!

## Options for use:

- Write a note on a heart sticky-note sharing something you LOVE about your classroom or school.
- Write each student's name in the heart and add their picture.
- Write each student's name and a quality you love about them: *Amariza is kind. Joseph is honest. Lennin is thoughtful.*

If you're looking for more kindness activities make sure to check out my Kindness Bingo, also free on TPT.

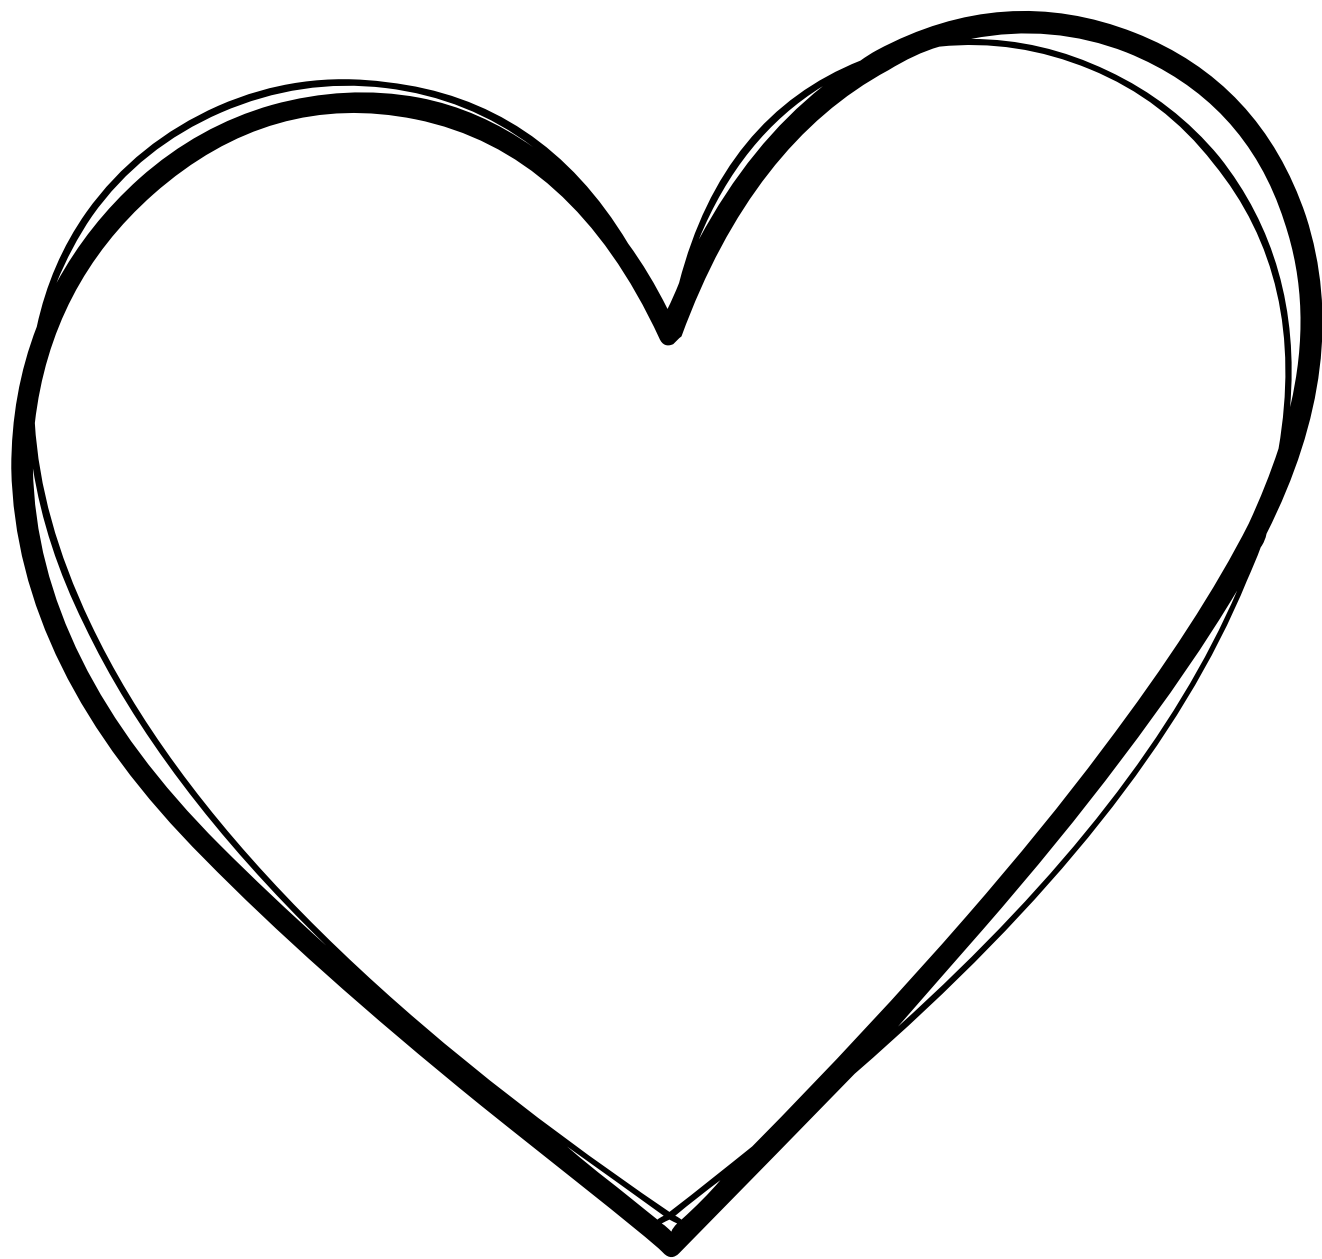

## I'd love to see what you create!
